DETAILED ACTION

Response to Amendment

Claims 1-15, 33-35 are in the case.

Claims 16-32 have been withdrawn.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claims 5-6, 34 are rejected under 35 U.S.C. 102(b) as being anticipated by Kirwan et al (6,178,949).

Kirwan et al teach a method for controlling and engine comprising the steps of providing a signal related to volatility of the fuel, adjusting the fuel and ignition timing in relation to the signal (see col. 4 lines 38-61).

2. Applicant's arguments filed on November 1, 2004 have been fully considered but they are not persuasive because Kirwan et al teach a step of adjusting the ignition timing based on the signal to reduce the emissions (see col. 4 lines 52-56).

Allowable Subject Matter

3. Claims 1-4, 7-15, 33 allowed.

4. Claim 35 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
